

BARNYARD BIOFEST

Saturday, April 18th, 10:00am-5:00pm

Explore the science of ecosystems through live animal interactions and guided learning experiences. Discover how animals depend on one another, their habitats, and humans to maintain a balanced environment.

- FEATURED STUDY SPECIES:**
- Highland Cows 🐄 (ecosystem grazers & nutrient cyclers)
 - Goats (vegetation management)
 - Sheep (wool production & land balance)
 - Chickens (insect control & food systems)
 - Pigs (soil turnover & waste reduction)
 - Rabbits (prey species & population dynamics)
 - And more!

Snow Cone Vendor & Food Truck On-Site
North Sacramento Street will be closed for safe outdoor learning and exploration.
🍷 SPECIAL ONE DAY TICKETED EVENT.
WOW MEMBERS RECEIVE FREE ADMISSION.
